DISTRICT OVERVIEW

SPECIAL DISTRICTS

(Excerpt from "CSDA – About Special Districts")

What are Independent Special Districts?

Special districts are a form of local government created by a local community to meet a specific need. Inadequate tax bases and competing demands for existing taxes make it hard for cities and counties to provide all the services their citizens [*sic*] desire. When residents or landowners want new services or higher levels of existing services, they can form a district to pay for and administer them.

What Do They Do?

Nearly 85% of California's special districts perform a single function such as sewage, water, fire protection, pest abatement or cemetery management. Multi-function districts, like community services districts, provide two or more services.

Types of special districts include:

- Airport District
- Cemetery District
- Community Services District
- Drainage District
- Flood Control, Water Conservation
- Fire Protection District
- Healthcare/Hospital District
- Harbor/Ports District
- Improvement District
- Irrigation District
- Library District
- Mosquito Abatement/Vector Control District
- Police Protection
- Reclamation District
- Recreation & Park/Open Space District
- Resource Conservation District
- Sanitation/Sewer District
- Transit District
- Utility District
- Water District
- Waste Management Agency/Authority

How Do They Operate?

There are approximately 2,300 independent special districts in California, meaning they are governed by an independent board of directors elected by the districts' voters or appointed to a fixed term of office by either the city council or board of supervisors. Dependent districts are governed by other existing legislative bodies like a city council or board of supervisors. Larger independent districts have a professional manager, similar to a city manager or county administrator, to assist the governing officials. The governing boards adopt policies that the general managers carry out.

How Are They Funded?

Just over a quarter of California's independent special districts are enterprise districts. Enterprise districts operate more like a business enterprise, charging customers for their services. For example, a hospital district charges room fees just to their patients, not the district's other residents. Water districts charge water rates to their customers. Virtually all water, waste and hospital districts are enterprise districts. Non-enterprise districts provide services that don't lend themselves to fees because they benefit the entire community, not just certain residents. These districts provide services like parks, police and fire protection, pest abatement, libraries, and cemeteries and rely overwhelmingly on property taxes to fund their operating budgets. Although some non-enterprise districts like parks and libraries may charge fees for some services, these fees generate very little revenue. Additionally, both enterprise and non-enterprise districts can issue either general obligation or revenue bonds to help pay for capital improvements.

Accountability

Special districts are primarily accountable to the voters who elect their boards of directors and the customers who use their services. However, although they are not functions of the state, the state also provides critical oversight to special district operations. Special districts must submit annual financial reports to the State Controller and must also follow state laws pertaining to public meetings, bonded debt, record keeping and elections.

WHAT'S SO SPECIAL ABOUT SPECIAL DISTRICTS?

(Excerpt from "What's So Special About Special Districts? A Citizen's Guide to Special Districts in California" published by the California State Legislature Senate Local Government Committee)

Special Districts are the most numerous, and least understood, of all governments. A Special District is a separate local governmental agency formed to provide local, highly diverse services including water, closed captioned television, mosquito abatement, and fire protection. Some Special Districts can serve just a single purpose, such as sewage treatment, while others address a multiplicity of needs, as in the case of a Community Services District, which can offer up to 15 different services. Special Districts are local agencies which provide public services to specific communities. They are autonomous government entities and are accountable only to the voters they serve. They are, however, overseen by the state in that they must submit annual financial statements to the State Controller and they must follow state laws pertaining to public health, bonded indebtedness, record keeping, and elections.

Special Districts have corporate powers but rarely police powers. "Corporate power" is the ability to "do things," like constructing public works projects such as dams and sewers and to raise money to pay for these projects and services. "Police power" is the ability to regulate behavior. Governments that make rules and enforce them are using their police powers: zoning property, requiring business licenses, or setting speed limits. When Special Districts do have police powers, they are usually related to some corporate powers.

One way Special Districts are separated is by type of governing body. Dependent Districts are governed by existing legislative bodies, either a city council or county board of supervisors. Independent Districts are governed by a separate Board of Directors elected by the District's own voters. Sixty-six percent of Special Districts are Independent. Vandenberg Village Community Services District is an Independent District governed by a five-member Board of Directors elected by the voters of Vandenberg Village.

Many people disagree over the usefulness of Special Districts. Before you make up your own mind, consider these arguments.

Advantages:

Special Districts tailor services to citizen demand.

Cities and counties must protect their residents' health, safety, and welfare and thus must provide many services, regardless of citizen demand. Special Districts, however, only provide the services desired by the community.

Special Districts link costs to benefits.

General purpose local governments, such as cities and counties, tax their residents to pay for public services. The services that taxpayers receive are not related to the amount of taxes they pay. In a Special District, only those who benefit from District services pay for them. Those who do not benefit do not pay.

Special Districts are responsive to their constituencies.

Because Special Districts are usually smaller and less populated than counties and cities, they can be more responsive to their constituents. Small groups of citizens can be quite effective in influencing Special Districts' decisions.

Disadvantages:

Special Districts can lead to inefficiency.

Many Special Districts provide the same services that cities and counties provide. Overlapping jurisdictions can create competition and conflict between Special Districts, and also between Districts and general-purpose governments. In addition, when areas incorporate, Local Agency Formation Commissions do not dissolve the Special Districts within the new city boundaries, which may result in duplicating services.

Special Districts can hinder regional planning.

Numerous Special Districts can hamper planning efforts. For example, it can be difficult to organize the various water, sewer, and irrigation services in one region to provide an optimal and equal level of services for all residents. Since many Special Districts have independent and autonomous governing boards, there is no single agency which can guarantee a coordination of efforts.

Special Districts can lessen accountability.

The multiplicity of limited purpose Special Districts can make it harder for citizens to gather information. For example, a county's unincorporated area might have a large number of Special Districts providing public services. Furthermore, the narrow and technical nature of District activities often results in Special Districts with low visibility unless a crisis arises. Special District elections typically have very low voter turnout. Although some view low voter turnout as a sign of voter satisfaction, representative democracy requires broad participation to survive.

HISTORY OF VANDENBERG VILLAGE COMMUNITY SERVICES DISTRICT

Vandenberg Village is located in the Lompoc Valley, at the westerly (downstream) end of the Santa Ynez River Basin, in Santa Barbara County. The valley is known for its productive agriculture, with particular emphasis on commercial flower production. Seasonally, the valley is decorated with a kaleidoscope of brilliant colors as the flower crops come into bloom. Vandenberg Air Force Base, one of the nation's key space launch facilities, is a neighbor of the Village. Periodically, rocket launches are observable by the local residents. The Vandenberg Village Community Services District currently provides water and wastewater service to approximately 2,200 connections in Vandenberg Village.

In 1960, Vandenberg Utilities Company and Vandenberg Disposal Company were formed to provide water and sewer services to the Vandenberg Village area. In 1973, these two companies were authorized by the Public Utilities Commission to merge into Park Water Company to obtain the needed financial influence to enter the wastewater regional project with the City of Lompoc. In June of 1974, Park Water Company entered into an agreement with the City of Lompoc and participated in the construction of the Lompoc Regional Wastewater Plant. Not long afterwards, sewer rates increased 150%.

Frustrated with the quality of local water and after being faced with some of the highest water and sewer rates in the State, Vandenberg Village property owners formed the Vandenberg Village Association Water and Sewer Committee. This Committee engaged consultants who determined it would be feasible to form a community services district to purchase Park Water Company and to capitalize on the tax exempt status offered publicly-owned utilities and gain local control over its management. So in 1983, residents petitioned the Local Agency Formation Commission (LAFCO) and held an election in which voters approved the formation of a community services district with 1673 in favor and 253 against. Thereafter, the first five-member Board of Directors was elected to serve on the Vandenberg Village Community Services District (VVCSD) board.

The first attempt to purchase Park Water Company failed. Residents passed a \$4 million bond measure in 1985 when 1,979 out of 2,180 ballots cast favored the measure.

However, on July 29, 1987, the PUC appraised the utility at a higher rate than the VVCS D had anticipated, and a new bond election was then necessary. On June 28, 1988, despite opposition, District's voters authorized an additional \$1.4 million bond issue for the acquisition of Park Water Company. At midnight on December 1, 1988, Park Water Company and VVCS D finally entered into an agreement for the purchase of water and sewer systems at the sale price of \$3,985,755.

The District currently operates 32 miles of water distribution system, three groundwater wells, one 500,000-gallon tank reservoir, one 300,000-gallon tank reservoir, two 1,000,000-gallon tank reservoirs, three booster stations, two pressure reducing stations, and a pressure filter treatment system. The District also operates standby diesel generators to maintain normal operations during power outages.

The District also operates 29 miles of wastewater collection system, with four pumping lift stations and 574 manholes. Until 1978, wastewater treatment was also provided locally. Since then, the Village's wastewater system has been connected to the City of Lompoc's Regional Reclamation Plant for treatment and disposal. The District has contractual entitlement to 0.89 million gallons per day (MGD), 16.14 percent, of Lompoc's 5.5 MGD plant capacity.

DISTRICT POWERS

(Reference: California Government Code §61100(a), §61100(b), §61100(e), §61100(g), §61106)

Vandenberg Village Community Services District was formed with the ability to provide four services: water, wastewater, street lighting and open spaces. Effective January 1, 2006, the District must obtain approval from LAFCO before exercising any latent powers.

Active powers:

1. **Water** – Supply water for any beneficial uses, in the same manner as a municipal water district, formed pursuant to the Municipal Water District Law of 1911, Division 20 (commencing with Section 71000) of the Water Code. In the case of any conflict between that division and this division, the provisions of this division shall prevail.
2. **Wastewater** – Collect, treat, or dispose of sewage, waste water, recycled water, and storm water, in the same manner as a sanitary district, formed pursuant to the Sanitary District Act of 1923, Division 6 (commencing with Section 6400) of the Health and Safety Code. In the case of any conflict between that division and this division, the provisions of this division shall prevail.

Latent powers:

1. **Open Spaces** – Acquire, construct, improve, maintain, and operate recreation facilities, including, but not limited to, parks and open space, in the same manner as a recreation and park district formed pursuant to the Recreation and Park District Law, Chapter 4 (commencing with Section 5780) of Division 5 of the Public Resources Code.
2. **Street Lighting** – Acquire, construct, improve, maintain, and operate street lighting and landscaping on public property, public rights-of-way, and public easements.

All Board members shall receive ethics training within six months of taking office and every two years thereafter.

ETHICAL EXPECTATIONS

(Excerpt from "A Local Official's Reference on Ethics Laws" published by the Institute for Local Self Government)

1. No Personal Financial Gain

- **Obligation to Disclose Personal Financial Interests** – There is an adage about one's life being an open book. Nowhere is this truer than for public officials and their finances. The bottom line is when you become a public official; the public gets to learn a great deal about your financial life.
- **Disqualification Based on Economic Interests under the Political Reform Act** – A public official may not make, participate in, or influence a governmental decision that will have a foreseeable and material financial effect on the official, the official's immediate family, or any of the official's economic interests.
- **Interests in Agency Contracts Barred** – A public official may not have a financial interest in any contract made by the council or board of which he or she is a member. Contracts are broadly defined and include employment and a variety of other relationships.
- **Decisions Affecting Future and New Employers** – A public official may not influence agency decisions when the interests of a prospective employer are at stake. The situation arises when an official negotiating or has "any arrangement" concerning prospective employment with someone with business before the agency.
- **Receiving Special Favors or Money For Official Actions** – Perhaps the most extreme form of using one's office for financial gain is graft. Graft is the act of obtaining money or anything of value through the misuse of one's public position.

2. No Personal Advantages and Perks

- **Personal Loans** – Elected officials and others may not receive a personal loan from any officer, employee, member or consultant of the official's respective agency while in office. There also are limits on elected officials' and others' ability to receive loans from those with contracts with the agency

(except for bank or credit card indebtedness made in the regular course of the company's business).

- **Gifts** – State law limits the value of gifts that may be accepted by local elected officials, local agency employees designated in the agency's conflict of interest code, elected or appointed members of the governing board of a special district, and candidates for any of these offices or positions.
- **Travel Expenses** – Gifts of travel expenses (for example, airfare, lodging, meals and entertainment) from non-transportation companies are generally subject to the gift rules and must be reported on one's Statement of Economic Interests as such. With respect to travel provided by transportation companies, state law strictly forbids elected officials from accepting free or discounted travel from transportation companies. This prohibition applies to all personal or business travel, whether intrastate, interstate or foreign. The prohibition applies to both elected and appointed public officers but not to employees.
- **Speaking and Other Fees** – State law also regulates the degree to which public officials may receive payments for giving a speech, writing an article or attending a public or private conference, convention, meeting, social event, meal or similar gathering. Generally such payments – which are known as honoraria – are prohibited. The notion is such communications are part of a public official's service.
- **Use of Public Resources for Personal Purposes** – State law forbids public officials from using public resources for personal purposes. "Public resources" include such things as 1) staff time, 2) office equipment (telephones, fax machines, photocopiers, and computers), and 3) office supplies (stationery, stamps, and other items).
- **Expense and Expense Reimbursement Issues** – There is no dispute the stipends most elected officials receive do not compensate them adequately for the time they spend on official duties. It is also well known those who make careers in public service (for example, city managers and county or district administrators usually can earn more in the private sector. To close the gap, it can be tempting to look at the opportunity to travel and incur other expenses on the agency's tab as a "perk" of office – particularly for those familiar with norms in the private sector. This runs afoul of two laws: 1) laws limited public official compensation, and 2) laws limiting reimbursement of expenses to those that are reasonable and necessary.
- **Use of Public Resources for Political Purposes** – The same statutes that prohibit the use of public resources for personal benefit also prohibit the use of such resources for campaign purposes. The prohibition applies to campaigns to elect candidates and campaigns in support of or opposition to ballot measures.

3. Transparency and Fairness are the Key

- **Conducting the Public's Business in Public** – California's open meeting laws provide legal minimums for local governmental transparency in decision-making. Decision-making bodies – which include many advisory committees – must conduct their business in an open and public meeting to

assure the public is fully informed about local decisions. A “meeting” is any situation involving a majority of a decision-making body in which business is transacted or discussed. In other words, a majority of the governing body cannot talk privately about an issue before the body no matter how the conversation occurs, whether by telephone or e-mail or at a local coffee shop.

- **The Public’s Right to Participate in Meetings** – Another element of open meeting laws is the public’s right to address the governing body at an open meeting. An elected official’s role is to both hear and evaluate these concerns.
- **The Public’s Right to Access Records** – Copies of agenda materials and other documents distributed to the governing body must also be available to the public. Any materials distributed by the local agency, its consultants, or decision-makers must be available for public inspection at the meeting. Material prepared and distributed by some other person must be made available after the meeting. The public has the right to see any materials that are created as part of the conduct of the people’s business. These materials include any writing that was prepared, owned, used, or retained by a public agency. They include documents, computer data, e-mails, facsimiles, and photographs. A document is presumed to be a public record unless a specific exception applies.
- **Decisions May Not Benefit Family** – An important part of a fair process is everyone, irrespective of their personal relationship to decision-makers, will have the same access to government benefits and approvals. An outgrowth of this principle is the rule that public officials must disqualify themselves from participating in decisions that will have the result of their immediate family’s expenses, income, assets or liabilities increasing or decreasing. “Immediate family” includes one’s spouse and dependent children.
- **Holding Multiple Public Offices** – Offices are incompatible if there is “any significant clash of duties or loyalties between the offices, if the dual office holding would be improper for reasons of public policy, or if either officer exercise a supervisory, auditory, or removal power over the other. The holding of one office does not necessarily disqualify the incumbent from holding another office at the same time if there is no overlap in the functions of the two offices in question.
- **Disqualification Based on Receipt of Campaign Contributions** – Generally, the ethics laws with respect to campaign contributions emphasize disclosure rather than disqualification. The emphasis on disclosure enables the public to assess for itself the degree an official could be influenced by campaign contributors who appear before the agency. Both financial and in-kind support must be disclosed. However, under limited and sometimes counterintuitive circumstances, certain local agency officials must disqualify themselves from participating in proceedings regarding licenses, permits and other entitlements for use if the official has received campaign contributions of more than \$250 during the previous twelve months from any party or participant.
- **Charitable Fund-raising** – Just as the public wants to know who contributed to campaigns, it also wants to know who is contributing to

elected official's favorite charities and other causes. Elected officials who are successful in getting someone to contribute \$5,000 or more to a legislative, governmental or charitable cause during a calendar year are subject to special disclosure requirement under the Political Reform Act.

SEXUAL HARASSMENT PREVENTION TRAINING (AB1825, AB1661, and AB2053)

Reference: Joint Powers Insurance Authority

- All Board members will receive sexual harassment training within six months of taking office and every two years thereafter.
- Public employers are required to provide at least two hours of harassment prevention training to all managers and supervisors Gov. Code §12950.1. Employers are required to take all reasonable steps to prevent harassment from occurring, such as having a harassment policy, and training employees on sexual harassment Gov. Code §12940(k).
- Any individual having the authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote discharge, assign, reward, or discipline other employees, or the responsibility to direct them, or to adjust their grievances, or effectively recommend that action, if, in connection with the foregoing, the exercise of that authority is not of a merely routine or clerical nature, but requires the use of independent judgement.

BOARD MEETINGS

RALPH M BROWN ACT

(Reference: California Government Code §54950 et seq.)

The Ralph M. Brown Act (Brown Act) governs meetings conducted by local legislative bodies to ensure that all actions of the legislation are open and public.

MEETINGS

(Reference: California Government Code §54954)

The District Board of Directors holds regular meetings in the District Office Conference Room at 3745 Constellation Road on the first Tuesday of each month at 7:00 p.m. unless adjourned to an alternate time or location within the District. Joint meetings with other agencies may occasionally be held outside the District boundaries.

Regular meeting times of the Board of Directors are set by Resolution or Ordinance. In the event that the regular meeting date falls on a holiday, then the meeting is adjourned to another day at the same hour. The Board of Directors may adjourn to, or call a special meeting, to be held on the holiday.

If fire, flood, earthquake, or other emergency create an unsafe situation at the regular meeting place, the Board President or designee may move the meeting place within District boundaries provided notice is provided by the most rapid means of communication available at the time.

All meetings are conducted in accordance with this manual, state statute, and the current edition of Robert's Rules of Order.

Members of the Board or District staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights on subjects not listed on the agenda.

No matters other than those listed on the agenda shall be acted upon by the Board except when deemed to be important or urgent under the following conditions:

- Upon a determination by a majority vote of the Board that an emergency situation exists.
- Upon a determination by a two-thirds vote of the Board present at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted.
- The item was posted for a prior meeting of the legislative body occurring not more than five calendar days prior to the date action is taken on the item, and at the prior meeting the item was continued to the meeting at which action is being taken.

ADJOURNED MEETINGS

(Reference: California Government Code §54955)

Any regular, adjourned, or special meeting may be adjourned to another time, place, and date specified in the order of adjournment provided it is not beyond the next regular meeting date. Once adjourned, the meeting may not be reconvened.

SPECIAL MEETINGS

(Reference: California Government Code §54956)

Special meetings may be called at any time by the Board president or by a majority of the members of the Board provided written notice is provided within 24 hours before the time of the meeting by delivering a written notice to each Board member and to each local newspaper and radio or television station requesting notice in writing.

EMERGENCY MEETINGS

(Reference: California Government Code §54956.5)

Emergency meetings may be called at any time by the Board president or by a majority of the members of the Board without 24 hours notice provided that an emergency situation has occurred.

An emergency situation is defined as:

1. An emergency, as determined by a majority of the Board, that severely impairs public health, safety, or both (i.e., work stoppage).
2. A dire emergency, as determined by a majority of the Board, that poses peril so immediate and significant that requiring one hour notice may endanger the public health, safety, or both (i.e., crippling disaster, mass destruction, terrorist act, or threatened terrorist activity).

- Upon a determination by a majority vote of the Board that an emergency situation exists.
- Upon a determination by a two-thirds vote of the Board present at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted.
- The item was posted for a prior meeting of the legislative body occurring not more than five calendar days prior to the date action is taken on the item, and at the prior meeting the item was continued to the meeting at which action is being taken.

The Board may, by ordinance or resolution, designate a Secretary to attend the closed session and prepare the minutes. The minutes produced are exempt from the Public Records Act and any confidential information acquired at the meeting may not be disclosed by persons in attendance unless it is disclosed by the Board in open session.

OPPORTUNITY TO APPEAR

On the date, time, and place designated in the notice, the Board shall afford any interested person or their authorized representative, or both, the opportunity to present documentary evidence, to present statements, arguments, or contentions orally or in writing, subject to reasonable limitations set by the Presiding Officer and the rules of ADDRESSING THE BOARD.

WITNESSES

Unless otherwise determined by the Board, interested persons or their representatives will have an opportunity to examine or cross-examine witnesses. The Presiding Officer will set reasonable limitations on the time for the hearing and on the time for individual speakers. All written communication shall be presented to the Secretary of the Board, with sufficient copies provided for all Board members, prior to the end of this hearing.

ADMISSIBLE EVIDENCE

The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence in civil actions.

Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient by itself to support a decision unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing, and irrelevant and unduly repetitious evidence shall be excluded.

ORAL EVIDENCE

All oral statements which are relevant to the subject matter of the hearing may be considered by the Board. Oral evidence may be taken on oath or affirmation, at the request of any interested party or their authorized representative.

EXHIBITS AND DOCUMENTS

Exhibits and documents used by the District and any persons participating in the hearing may be considered as evidence.

EVIDENCE OUTSIDE THE HEARING

Any evidence taken outside the Board room such as field trips, view of the premises, and discussions with individuals, shall not be considered by the Board in reaching its decision except under the following circumstances:

1. When, during the hearing, the meeting is adjourned to a date, place, and time certain for the specific purpose of taking visual or demonstrative evidence, or
2. With the consent, either oral or written, of all interested persons, or their authorized representatives, appearing at the hearing, individual members of the Board may then take visual or demonstrative evidence outside the Board room, provided, that the hearing shall be continued to a date and time certain and upon reconvening in the Board room, each Board member shall orally report his/her observations of such outside evidence taken and shall be subject to examination thereon by any interested person or their authorized representative.

CONTINUANCES

(Reference: California Government Code §54955.1)

Any hearing being held, noticed, or ordered to be held by the Board may, by minute action, be continued to any subsequent meeting of the Board. The only notice of continuance necessary will be such notice required by law or District resolution or ordinance.

Any hearing continued to a time less than twenty-four (24) hours after the time specified in the order of notice of hearing shall have an order or notice of continuance of hearing posted immediately following the meeting at which the order or declaration of continuance was adopted or made.

DECISION

The Board shall consider all evidence properly presented in accordance with the rules stated herein and, unless otherwise provided by law, shall render a decision or determination within 40 days of the close of the hearing. Said decision or determination shall be by motion made and action taken thereon at a regular or adjourned meeting of the Board. Any Board member who was not present during the entire hearing or who, in the opinion of the District Counsel has substantial conflict of interest in the matter, shall disqualify themselves from discussing or voting on said matter.

RECORD OF HEARING

(Reference: California Government Code §6250 et. seq.)

A verbatim electronic recording shall be made of the oral evidence presented at the hearing. Said recording, together with all documents, maps, exhibits, and displays admitted into evidence, shall be retained for a period of no less than five years from the date of the close of the hearing. In lieu of retaining said recording, the Secretary of the Board may prepare a typewritten transcript thereof which shall be retained for the same period of time. Pursuant to the Public Records Act, said recording or transcript and evidentiary documents shall be made available for public inspection and use at reasonable time and under such reasonable conditions as may be prescribed by the Secretary of the Board.

ADDRESSING THE BOARD

WRITTEN CORRESPONDENCE

Written correspondence is reviewed by the General Manager or Board Secretary and presented at the regular meeting for consideration by the Board and shall be answered or acknowledged as soon as practicable.

RIGHT TO ADDRESS THE BOARD

(Reference: California Government Code §54954.3a)

Every customer or resident of the District shall have the right to address the Board during public meetings. The Presiding Officer may ask that members of the public addressing the Board provide their name and place of residence and may impose a time limit on public comment.

PUBLIC HEARINGS

Interested persons or their authorized representatives may address the Board, while a matter is open to public hearing, in regard to remarks of questions relevant to the matter under consideration unless participation is restricted by law.

COMMUNICATIONS

Customers or residents of the District, or their authorized representatives, may address the Board by oral communication on any matter concerning District business over which the Board has jurisdiction. An interested person may also request permission from the Presiding Officer to address the Board relevant to any subject matter under consideration during other parts of the agenda. Such requests should, when practicable, be made prior to a motion being made on the subject. All oral communication with the Board is subject to reasonable time limitation by the Presiding Officer.

The Presiding Officer, or such member of the District staff as he/she may designate, may verbally restate each question immediately prior to calling for the vote. Following the vote, the Presiding Officer shall announce whether the question carried or was defeated. The Presiding Officer may publicly explain the effect of a vote for the audience, or he/she may direct a member of the District staff to do so, before proceeding to the next item of business.

MANNER OF ADDRESSING THE BOARD

Any person desiring to address the Board shall stand or raise a hand and wait to be recognized by the Presiding Officer. After being recognized, the speaker shall state their name and address for the record and proceed to address the Board. All remarks and questions shall be addressed to the Board as a whole and not to any member thereof. No questions shall be asked a Board member or a District staff member without first obtaining permission from the Presiding Officer.

TIME LIMITATION

(Reference: California Government Code §54954.3b)

Should the need arise; the President may implement a time limit per subject (i.e., five-minute time limit per subject). When a group of persons wishes to address the Board on the same subject matter, the President may request that a spokesperson be chosen to represent the group as to expedite the process and avoid unnecessary repetition.

IMPROPER REMARKS

(Reference: California Government Code §54954.3c, §54957.9)

Public criticism of the policies, procedures, programs, or services of the District or acts or omissions of the Board shall not be censored. However, any person or group of persons making impertinent, slanderous, loud, or profane remarks or otherwise disrupting the orderly conduct of the meeting to the point that order cannot be restored shall cause the meeting room to be cleared, except for members of the media in attendance, and only those not responsible for willfully disturbing the orderly conduct of the meeting shall be readmitted for the remainder of the meeting.

DEBATE AND DECORUM

REQUESTING THE FLOOR

Every Board member desiring to speak shall first address the chair, gain recognition from the Presiding Officer, and shall confine himself to the question under debate.

QUESTIONS TO STAFF

Every Board member desiring to question the District staff shall, after recognition by the Presiding Officer, address his questions to the District General Manager. The District General Manager shall be entitled to either answer the inquiry himself or designate a member of his staff for that purpose.

INTERRUPTIONS

A Board member, once recognized, shall not be interrupted when speaking unless called to order by the Presiding Officer, a point of order or personal privilege is raised by another Board member, or the speaker chooses to yield a question by another Board member. If a Board member, while speaking, is called to order, the Board member shall cease speaking until the question of order is determined and, if determined to be in order, shall then proceed. Members of the District staff, after recognition by the Presiding Officer, shall hold the floor until completion of their remarks or until recognition is withdrawn by the Presiding Officer.

POINTS OF ORDER

The Presiding Officer shall determine all points of order subject to the right of any Board member to appeal to the Board. The Presiding officer may request an opinion of District Counsel in making such determination or may declare a continuation until such opinion is obtained, if necessary. If any appeal is taken, the question shall be "Shall the decision of the Presiding Officer be sustained?" Board decision shall conclusively determine such question of order.

POINT OF PERSONAL PRIVILEGE

The right of a Board or staff member to address the Board on a question of personal privilege shall be limited to cases in which their integrity, character, or motives are questioned or where the welfare of the Board is concerned. A Board member raising a point of personal privilege may interrupt another Board member who has the floor subject only to the power of the Presiding Officer to call him/her out of order.

REMARKS OF BOARD MEMBERS AND SYNOPSIS OF DEBATE

Any Board member shall have the right of having an abstract of their statement and/or a synopsis of the debate on any subject under consideration by the Board entered into the minutes. Such right shall be exercised by specific direction to the Secretary of the Board at the Board meeting.

DECORUM AND ORDER, BOARD AND DISTRICT STAFF

The Presiding Officer shall be responsible for the maintenance of order and decorum at all meetings.

While the Board is in session, the Board members and District staff shall preserve order and decorum. A member shall not delay or interrupt the proceedings of the peace of the Board nor disturb any member while speaking nor refuse to obey the directives of the Presiding Officer.

(Reference: California Penal Code §403)

If necessary, the Sheriff, or other member law enforcement, shall be called at the request of the Presiding Officer, Board member, or District General Manager. The law enforcement officer shall be asked to carry out all orders given by the Presiding Officer or Board for the purpose of maintaining order and decorum at Board meetings. Any Board member may move to require the Presiding Officer to enforce the rules and have the offending person or persons arrested and cited for disturbing a lawful public meeting. Any such motion shall be passed by the affirmative vote of a majority of the Board members present.

FAILURE TO OBSERVE RULES OF ORDER

Rules adopted to expedite the transaction of the business of the Board in an orderly fashion are deemed to be procedural only and the failure to strictly observe such rules shall not affect the jurisdiction of the Board or invalidate any action taken at a meeting that is otherwise held in conformity with law.

MOTIONS

PRESENTATION OF MOTIONS

A motion is the formal statement of a proposal or question to the Board for consideration and action. Every Board member has the right to present a motion. The Presiding Officer may move, second, debate, and vote from the Chair. The Presiding Officer shall not be deprived of any rights and privileges conferred on any Board member by reason of his acting as Presiding Officer.

SECOND REQUIRED

A motion by any Board member shall be seconded and shall not be considered until at least one second is made. A second does not mean that the Board member endorses the motion but only that he/she wishes to have the motion considered.

PRECEDENCE OF MOTIONS

When a main motion is before the Board, no motion shall be entertained except the following which shall have precedence, one over the other, in the following order:

1. Adjourn
2. Recess
3. Postpone temporarily (table) or indefinitely
4. Previous question
5. Limit or extend debate
6. Refer to committee or staff
7. Amend

The above order of preference is subject to the following restrictions:

- A motion shall not be repeated for a second vote without intervening business or discussion.
- A motion shall not be in order when the previous question has been ordered.
- A motion shall not be in order while a vote is being taken.

PURPOSE OF MOTIONS

The purpose and salient criteria of the above listed motions is as follows:

1. Main Motion
Purpose: The primary proposal or question before the Board for discussion and decision.
Debatable or Amendable: Debatable and amendable.
2. Motion to adjourn
Purpose: To end a meeting
Debatable or Amendable: No, except a motion to adjourn to another time is debatable and amendable as to the time to which the meeting is to be adjourned.

3. Motion to recess
Purpose: To permit an interlude in the meeting and to set a definite time for continuing the meeting.
Debatable or Amendable: It is amendable as to the length of recess but is not debatable.
4. Motion to postpone temporarily (table or postpone definitely)
Purpose: To set aside, on a temporary basis, a pending main motion provided that it may be taken up again for consideration during the current meeting or at the next regular meeting. A motion with a specific time for resumption is a motion to postpone definitely. A motion without a specific time for resumption is a motion to lay on the table.
Debatable or Amendable: It is debatable but not amendable.
5. Motion to postpone indefinitely
Purpose: To remove the main motion from the Board's consideration for the session without a direct vote on it.
Debatable or Amendable: It is debatable but not amendable.
6. Motion for previous question
Purpose: To prevent or stop discussion of the pending question or questions and to bring such question or questions to vote immediately. If the motion fails, discussion shall continue. If the motion passes, a vote shall be taken on the pending motion or motions.
Debatable or Amendable: Neither debatable nor amendable.
7. Motion to limit or extend debate
Purpose: To limit or determine the time that will be devoted to discussion of a pending motion or to extend or remove limitation already imposed on its discussion.
Debatable or Amendable: Not debatable. Amendments are restricted to period of time of the proposed limit or extension.
8. Motion to refer to committee or staff (commit or refer)
Purpose: To refer the question before the Board to a committee or to the District staff for the purpose of investigating or studying the proposal and to make a report back to the Board. If the motion fails, discussion or vote on the question resumes.
Debatable or Amendable: Debatable and amendable.
9. Motion to amend
Purpose: To modify or change a motion that is being considered by the Board so that it will express more satisfactorily the will of the members. If the motion fails, discussion or vote on the main motion resumes. If the motion passes then the main motion should be voted on as amended.
Debatable or Amendable: Debatable and amendable.

LOST MOTION

A lost motion is one that fails to receive the necessary number of votes to carry. Tie votes result in a lost motion. Lost motions may be renewed at any subsequent Board meeting. To revive a lost motion at the same meeting the proper action is a motion to reconsider.

VOTING

VOTING PROCEDURE

When any motion is in order for the question, a vote thereon shall be taken by voice or roll call and entered in full upon the record. Motion, resolutions, and ordinances may be passed by a majority of the total membership of the Board, except when a greater number is required by law.

CHANGE OF VOTE

A member may change his vote only if he/she makes a timely request to do so immediately following the announcement of the vote and prior to the time that the next item in the order of business is begun.

CONFLICT OF INTEREST

(Reference: California Government Code §1090 et. seq.)

A Board member shall disqualify him/herself in accordance with the District's Conflict of Interest policy, California Government Code §1090 et. seq. and any other applicable law. Where it is not clear whether a Board member is disqualified, the Board member shall state the facts of the matter to the District Counsel and request an opinion thereon.

Board members disqualified due to conflict of interest may not vote, nor participate in any discussion, on the subject matter.

FAILURE TO VOTE

Every member should vote unless disqualified for cause accepted by opinion of the District Counsel. Self-disqualification, without approval, which results in a tie vote, shall be avoided as thwarting Board action, but no Board member shall be forced to vote.

RECONSIDERATION AND RESCISSION OF PRIOR ACTION

After motion and vote by the Board such action may be reconsidered or rescinded only in the following manner:

1. Reconsideration – A motion to set aside a vote (reconsider) on a main motion shall always be in order at the same meeting. The motion to reconsider is amendable and debatable. Such motion can be made by any Board member regardless of how he/she voted previously on the matter. If the motion to reconsider passes the effect thereof is to overrule and cancel the prior action.
2. Rescission – A motion to rescind (repeal, cancel, nullify) prior Board action on a main motion shall be in order at any meeting of the Board. The effect of rescinding prior Board action shall operate prospectively only and not retroactively to the date of the original action only, unless otherwise ordered by the Board.

ADMINISTRATION

SIGNING OF DOCUMENTS

The Presiding Officer shall sign all documents considered at the meeting in which he/she presided.

MINUTES

(Reference: California Government Code §61045)

The minutes shall consist of a clear and concise statement of each and every Board action including the motions made and the vote thereon. Reasons for making a motion, or voting, Board debate and audience reaction are generally irrelevant for purposes of the minutes. Such items may be included if considered to be particularly relevant or otherwise necessary, by the Secretary of the Board in the first instance, and by the Board in the final instance. The Secretary of the Board shall have exclusive responsibility for preparation of the minutes and any directions for changes in the minutes shall be made only by action of the Board.

Whenever the Board acts in a quasi-judicial proceeding, such as a legislative or administrative hearing, the minutes shall contain a synopsis of all evidence considered in the hearing including statements of persons addressing the Board.
